THIS BALI IS

Some journeys change us in quiet ways.

Perhaps it's a place.
A person.
A sunset.
Or simply a moment that reminds us how beautiful life can be.

Bali has been that place for me.

I created this cocktail collection to share a little of
what makes this island so special.

Every cocktail is handcrafted with fresh ingredients, house-made infusions,
and premium spirits, inspired by Bali's vibrant flavors,
rich culture, and natural beauty.

My wish is simple.

That years from now, one taste, one scent,
or one song will remind you of this evening in Bali.

More than the cocktail itself, I hope you'll remember
how you felt while you were here.

With love,

Adina
